How to fish it — bank / kayak / boat

Bank

OR-shore rock and riprap: tube and hair jig for SMB. Evening cut-bait for cats if you stay late. Respect private gates; use public access only.

Kayak

Fish protected pockets when Brownlee stacks whitecaps. Cast seams and boulder gardens. Wear a PFD—this water punishes.

Boat

SMB on bluffs and current edges with tubes, jerkbaits, and football jigs. Graph bait; don't invent generation numbers—re-check Idaho Power AM of launch MT. Coordinate with ID shared-water policy: one full narrative, OR callout emphasis here.

Lure box

Top

- Buzzbait / walking bait (calm AM)
- Frog over mats/grass
- Spinnerbait (windblown banks)

Mid

- Chatterbait / swimbait
- Squarebill or medium crank
- Jerkbait (clear rock water)

Bottom

- Texas-rig creature / stickbait
- Tube / Ned / football jig
- Dropshot (clear rock)

Match stain: darker in mud; green-pumpkin / smoke in clear. Tie colors to forage.

Bass life stage

Smallmouth bass

Early fall SMB; cats night bonus.

What's on the menu: Crawfish, juvenile chub/shad-class bait, trout forage where present.

Also hot / also in season

Also on this water

Channel catfish, crappie, rainbow in cool pockets. Short notes — confirm seasons and creel on the live ODFW or PFBC page.

Looking ahead

Cooler nights improve mid-depth jerkbait; watch IP outflow shifts.

Heavy Traffic

Soft weekday recreational unless a local club posts overnight. No invented boat counts.

Regs: Confirm length limits and special regs on the live agency site for your shore. Border waters: licenses follow the shore you stand on unless a posted compact says otherwise.

Ethanol-free fuel near this water

E0: Pure-Gas.org near Richland OR / Brownlee corridor. E0; verify pump. Border fuel stops—check side of river.

Literal **E0** only. Verify grade and price at the pump.
