HOW TO FISH THIS WEATHER

MORNING

- Shallow cover, points, creek mouths
- **First light (6:59 AM EST) → ~9 AM**
- Use any ripple as cover

MIDDAY

- Shade lines, docks, deeper edges
- Electronics for bait height first
- Slow down once the sun is overhead

EVENING

- Revisit shallow shade as sun drops
- Topwater if the surface lays down
- Weekday traffic is lighter — work quiet pockets

FALL TRANSITION **Largemouth plan: Slow down: steep points, channel drops and remaining grass just outside the creeks, between the fall flats and the 15-30 ft winter depth; suspending jerkbait with long pauses, jig-and-pig or blade bait crawled down the slope.**

BIOLOGY

BASS STAGE

Largemouth are in the late fall transition — water under the mid-50s, so bass are sliding off the shallow flats toward steeper points and channel drops near their fall feeding areas.

Basis: estimated water ~52°F — 75-day observed air record (NOAA ACIS) lagged for a lake (14-day response); no water-temperature

NATURAL FORAGE

What's on the menu: We do not have a dated forage report for this window. Most likely, small baitfish and young sunfish and perch are the main meal along the weed edges and points, with crayfish on rocky banks and around wood.

ALSO BITING

Hammond Lake is known for crappie. A small jig or minnow near cover works well.

PRESSURE

Weekday traffic — lighter than the weekend. Fish early, give ramps and swim areas room.

gauge on the lake; air record trending falling

DAM & WATER — CONFIRM BEFORE YOU LAUNCH

FIXED Dam-controlled water. No shared generation/level feed this cycle — check the agency page the morning you fish; releases and pool levels change daily. Stay outside buoyed restricted zones.

ITEM	NOTE	SOURCE
Permit / regs	The Ives Run Recreation Area on Hammond Lake has a boat launch and day-use area.	

ACCESS — BANK / KAYAK / BOAT

BANK

Expect cool starts, near 36 to 39 degrees mornings, so dress in layers and plan for the bite to build by mid-morning. Fish from the shoreline at Ives Run on Hammond Lake or Lambs Creek on Tioga Lake. Points near the launches are good for bass and crappie.

KAYAK

Launch at Lambs Creek or Ives Run and fish the coves. On windy days, stay in sheltered water. On the windiest day, stay in protected coves and fish the windward points at the cove mouths.

BOAT

Launch at Ives Run on Hammond Lake or Lambs Creek on Tioga Lake. There are no horsepower limits. Early, work wind-blown points and weed edges with spinnerbaits and squarebills.

LURE BOX

TOP

Walking bait over weed flats on the warmest afternoon. Buzzbait along shady banks at first light. Hollow-body frog over matted weeds.

MID

3/8 oz spinnerbait on wind-blown points. Squarebill crankbait along weed edges and wood. Paddle-tail swimbait for suspended fish.

BOTTOM

Texas-rigged creature bait along weed edges. 3/8 oz jig on points and wood. Drop shot on deeper edges.
