Best bite: low light for White bass; re-check wind/storm cells midday.

THURSDAY SEP 24

High ~77°F · Sunny · precip ~0% · wind ESE 0 to 5 mph

Best bite: low light for White bass; re-check wind/storm cells midday.

● DAM & CURRENT / LEVEL CHEAT SHEET

Agency story: UDWR. Access hub: Utah Lake State Park corridor.

Live pool/generation numbers were **not fully verified** in this evening gather for every product — **FLAG**. Re-check agency boards (USACE / LCRA / TRA / SJRA / USBR / TPWD / UDWR as applicable) before launch. Say **Generator schedule** when generation applies; do not invent cfs or pool elev.

ITEM	POSTED	ANGLER NOTE
Pool / flow	FLAG — re-check tonight's board	Pin 40.1853,-111.7877
Generator schedule	Re-check if dammed	Current seams move bait

● HOW TO FISH IT

BANK

Fish legal public shore near Utah Lake State Park corridor. Dawn and dusk for White bass. Midday: shade, bridges, deeper edges. Confirm access — no trespass.

KAYAK

Quiet approach to pockets boats skip. Launch early; sit out lightning. Soft weekday traffic still means watch main ramps midday.

BOAT

Start from Utah Lake State Park corridor. Idle carefully; fish wind-blown structure and bait. Re-check Generator schedule / pool before river below dams.

● ETHANOL-FREE FUEL NEAR THIS WATER

Source: [Pure-Gas.org](https://pure-gas.org) public E0 listings · gather **Sun Sep 20, 2026 · evening CT**

Current prices — may change; verify at the pump. Live pump prices were **not confirmed** in this evening gather for every station — do not invent prices. Call ahead.

- Search [Pure-Gas.org](https://pure-gas.org) near **Utah Lake** for the closest 2–4 E0 stations to this water before launch.
- Prefer E0/premium grade matching the listing when known.
- Distances are pin-relative estimates only.

Listed E0 identity from [Pure-Gas.org](https://pure-gas.org) (crowdsourced). Prices change — verify at the pump. FLAG: thin price snapshot this cycle.

● LURE BOX

TOP

Topwater for white bass/
wipers when schooling

Buzzbait — shallow weed
edges

MID

Spinnerbait / soft swimbait —
mid column

Crankbait — points

Live bait under slip float
where legal

BOTTOM

Cut bait / stink bait — catfish
channels

Jig for perch/crappie — brush

Carolina rig — deeper flats

Stain/clear: Lighter/shad profiles in clearer water; darker profiles after storms. FLAG if no clarity report.

● PRIMARY LIFE STAGE + WHAT'S ON THE MENU

Primary species this week: White bass / channel catfish — Warmwater multi-species; LMB present but white bass/catfish often lead late Sep

Late Sep warmwater mixed bag. Lead with the water's in-season primary; bass/panfish/catfish split by cover and depth.

What's on the menu: Shad, young-of-year panfish, crawfish, and cut-bait opportunities for cats. Seasonal likelihood only.

● ALSO ON THIS WATER

Warmwater multi-species; LMB present but white bass/catfish often lead late Sep Keep secondaries short — no laundry list.

● LOOKING AHEAD

Re-check major trail calendars and lake tournament boards for the next 1–3 weeks before the Friday Cast.
